# HOPE LODGE OF CHARLESTON

Without your support we could not offer free accommodations to cancer patients.

The American Cancer Society Hope Lodge program provides a free home away from home for cancer patients and their caregivers. Charleston, SC Hope Lodge, which opened in 1970, offers 18 guest rooms located near treatment centers.

Support from volunteers and local organizations are critical to the American Cancer Society's mission of supporting free lodging.

## What is a Shucker?

As a Shucker, we ask you to promote the mission of ACS and the Hope Lodge in your community and across your networks and raise funds for the Hope Lodge. Shuckers are nominated by community members. They are Charleston professionals who are dedicated to the wellness, education, and quality of life of our community. By becoming an official American Cancer Society Shucker here in Charleston, you are making a meaningful impact on a cause that touches us all, and we hope you are excited to be part of Shuck Cancer!

## Why do we need you to support Shuck Cancer?

The money raised by the Shuck Cancer event, including what you and the other Shuckers raise, will go towards the operational costs of the American Cancer Society Hope Lodge in Charleston. This special place provides a free home away from home for cancer patients and caregivers while they are undergoing treatment. It is a lifeline for those in need and thanks to people like you.

## What is my Fundraising goal?

As a Shucker, we ask you to promote the mission of ACS and the Hope Lodge in your community and across your networks, work on a patient support project, and raise funds for the Hope Lodge. We ask all Shuckers to set their FUNDDraising goal at \$2,500.

There are many ways you can reach your fundraising goal including through fundraising activities at work, online, with your friends, at your gym, etc. You can also apply for corporate sponsorship or match funding; the possibilities are endless, and the world is your oyster! We want your time as a Shucker to be as meaningful as it is fun, be creative and enjoy it!
