

Join the movement to end breast cancer as we know it.

Making Strides Against Breast Cancer of Greater Pittsburgh Event Experience Committee

Overview

Making Strides Against Breast Cancer is a celebration of courage and hope, a movement uniting communities to end breast cancer as we know it, for everyone. For three decades, these 3- to 5-mile non-competitive walks have collectively grown into the **nation's largest and most impactful breast cancer movement** – providing a supportive community for courageous breast cancer survivors and metastatic breast cancer thrivers, caregivers, and families alike.

We are looking for passionate, hands-on people who want to make a difference. Making Strides Against Breast Cancer committee members plan and implement the event and ensure ACS event standards and guidelines are upheld. The committee is dedicated to the pre-event, day of event, and post-event experience. We hold monthly virtual meetings in the evenings.
