## MISSION MOMENTS

### 2024 Wrap Up

We could not be more grateful for your support and generosity during the 2024 event season. We are so lucky to be part of such an amazing community, and we are so thankful to have had you join us in the fight against cancer this year. YOU are the reason we are able to serve communities like Union Grove and beyond - a heartfelt thank you everything you do.

### Breast Cancer Awareness Month

October is Breast Cancer Awareness Month. Breast cancer is the most common cancer for women in the United States aside from skin cancers. Encourage your loved ones to get screened through mammograms and learn more about screening guidelines, our research efforts, and the Reach to Recovery program online at [cancer.org](http://cancer.org).
