

# Making Strides Against Breast Cancer 2023 Impact Report

The American Cancer Society Making Strides Against Breast Cancer is the nation's largest and most impactful breast cancer movement, working to end breast cancer as we know it, for everyone. Thanks to your support, a breast cancer diagnosis does not come without hope, and the breast cancer journey is not one that is traveled alone.

## 2023 By the Numbers

### Nationally:

- Making Strides events in the US: **More than 150**
- Making Strides participants in the US: **820,000**
